About Us.

Introduction

TechPro is an independent importer, distributor, and stockist specializing in industrial automation supplies and global sourcing services. With our main warehouse in Guangzhou, China, and operations in Karachi, Pakistan, we provide a one-stop solution for industrial and corporate procurement needs.

We take pride in offering genuine products from world-leading brands such as Siemens, Mitsubishi, Omron, Parker, Festo, and Honeywell. Our expertise lies in delivering high-quality PLCs, sensors, drives, relays, bearings, and spare parts, along with corporate supplies like stationery, electrical, and housekeeping items.

With a strong commitment to reliability and efficiency, TechPro ensures timely delivery through air consignments (2–3 weeks) and bulk orders (30–45 days). Our goal is to be the trusted partner for industries and corporates, providing seamless procurement and shipping solutions from China to Pakistan.

Our Expertise:

MISSION

At TechPro, we specialize in providing industrial automation supplies, global sourcing, and reliable shipping services. With strong partnerships in China and Pakistan, we ensure that our clients receive genuine products, competitive pricing, and timely delivery.

◆ Industrial Automation

Comprehensive range of products including PLCs, HMIs, sensors, drives, relays, pneumatic cylinders, bearings, and spare parts—sourced from leading global brands.

◆ Global Sourcing

Through our China warehouse in Guangzhou, we directly source original products from trusted manufacturers and suppliers, ensuring authenticity and quality.

◆ Shipping Solutions

Flexible shipping services tailored to client needs:

Air consignments (5–20 kg, delivered in 2–3 weeks)

Bulk orders (large shipments, delivered in 30–45 days)

🌐 With TechPro, you get a trusted partner for all your industrial automation and procurement requirements.

Products:

At TechPro, we provide a complete range of industrial automation and engineering supplies, ensuring quality, authenticity, and durability. Our products are sourced from trusted global brands to support industries with reliable and efficient solutions.

- ◆ Automation Components – A full selection of PLCs, HMIs, VFDs/Drives, Sensors, Transmitters, Relays, and Power Supplies to enhance automation and process control.
- ◆ Pneumatics & Mechanical – High-performance Pneumatic Cylinders, Valves, Bearings, Belts, and Industrial Spare Parts, meeting the diverse requirements of factories and plants.
- ◆ Electrical & Control – A wide variety of Switches, Controllers, Cables, and Connectors designed to ensure seamless control, connectivity, and safety in operations.
- ✦ In addition to our listed categories, TechPro also specializes in custom sourcing. If you require any specific industrial, electrical, or mechanical item, our team can procure and deliver it directly from China.

Brands:

We proudly deal in original products from world-renowned brands, ensuring quality and reliability for our clients:

- Siemens
- Mitsubishi Electric
- Omron
- Allen Bradley
- Schneider Electric
- Delta
- Honeywell
- Festo
